Invited experts will endeavor to answer the following questions:

- ❑ **Could shale wealth alter Poland's role in the European Union?**
- ❑ **How profitable can shale exploitation really be for Poland?**
- ❑ **How reliable are current shale gas estimates?**
- ❑ **Could the exploitation of shale gas possibly constitute an energy independent Poland?**

The official language of the conference will be English. Admission is free, registration is mandatory.

**The conference will be held in the conference room of Central Agricultural Library,
Krakowskie Przedmieście 66.**

Due to the limited amount of places it is necessary to confirm your participation by **May 8, 2012.**

The registration and media accreditation forms are available online on the conference website:
